

QHSE Management Systems Policy

Alatas UK Ltd crane services supply crane parts and crane service worldwide. Crane parts and service are available for ship cranes, offshore cranes and mobile cranes. Alatas also provide hydraulic repairs for crane pumps and motors as well as crane winch and crane gearbox repairs.

To achieve these outcomes effectively, the organisation strives to operate within structured Management Systems as determined by the requirements of National/ International standards: Quality BS EN ISO 9001.2008, Health & Safety BS OHSAS 18001.2007 and Environmental BS EN ISO 14001.2004.

The company's Management Systems shall provide:-

- Controlled documents and records for each Standard
- Management responsibility for commitment to prevention of injury, ill health and pollution, customer focus, shall be provided by the Managements Systems
- Resource management to ensure adequate staffing, equipment and infrastructure resources inclusive of training and ensuring a safe working and healthy environment.
- Measurement, analysis and improvements identified by means of internal and external audits, framework for objectives and targets, corrective and preventive actions to ensure the requirements of the Management Systems are addressed.

In operation the organisation shall comply with the applicable regulations, legal and other requirements relevant to the industry. These are related to the Quality, Environmental and Health & Safety Systems that have been implemented and specifically include the organisations employees, visitors and members of the public for whom it has contact.

The undersigned shall ensure that this policy is periodically reviewed to verify its continued suitability and encourage all staff members to enthusiastically adopt and foster these aims, as responsibility for the organisation's product and services rests with everybody.
