Partnership between Alatas and Zollern regarding external repairs and spare parts supplies for rope winches and slewing gearboxes on vessel and offshore cranes

Dear Mr. Dodwell,

referring to our more than 15 years partnership with Alatas we may confirm their excellent know how regarding the spare parts supplies and external repairs of our Zollern products. These products are rope winches and slewing gearboxes that are installed and operated in vessels and offshore cranes.

Repair measurement with original spare parts have been done in excellent arrangement with the end users in the past.

Kind Regards
ZOLLERN GmbH & Co.KG
